

Quality Policy Revision 1

We at Customizing Centre....

- pride ourselves in **adding value** to our customers by providing a dedicated process of **continuous Improvement, Innovation and Integrity** during the supply of customized products and services to the automotive industry.
- strive to exceed our customer's expectations by the **superior quality** of **workmanship** we deliver.
- undertake to ensure **effective** and **efficient operations** through the implementation and maintenance of an **ISO 9001:2000** based Quality Management System.
- are committed to the **development** of our **employees, facilities** and **systems**, thereby optimising our capabilities with regard to our customers and processes.
